

# Suppliers of Statistical Analysis Software

COMPANY	SOFTWARE (CURRENT VERSION)	PLATFORMS <sup>1</sup>	KNOWN INPUT SIZE RESTRICTIONS	OTHER FEATURES
<b>ADDINSOFT</b> +33 (1) 4264-1962 www.xlstat.com	XLSTAT (4.4, Mac), (5.0, PC)	Excel Add-In (M, W)	Excel spreadsheet restrictions (does not work with versions of Excel below 5.0)	XLSTAT is a set of over 40 different data analysis and statistical functions.
<b>ANALYSE-IT SOFTWARE LTD.</b> +44 (113) 229-5599 www.analyse-it.com	Analyse-it for Microsoft Excel (1.62)	Excel Add-In	Excel spreadsheet restrictions	
<b>BIOISOFT</b> (314) 524-8029 www.biosoft.com	Stat-200 (2.0.1)	W	Limited only by available memory/disk space	More than 65 data transforms are supplied along with a high-level programming language. Data can be keyed-in, copied or dragged from spreadsheets, or spreadsheet files can be directly opened. Stat-200 is also readily integrated with databases.
<b>BIOSTAT INC.</b> (201) 541-5688 www.Meta-Analysis.com www.Power-Analysis.com	Comprehensive Meta Analysis  Power and Precision	W  W	N/A  N/A	An easy-to-use computer program for meta-analysis (combining data from multiple studies). A computer program used to find the appropriate sample size for a planned study.
<b>CIRCLE SYSTEMS INC.</b> (206) 682-3763 www.stattransfer.com	Stat/Transfer	W, U	N/A	Data transfer program.
<b>CIVILIZED SOFTWARE INC.</b> (800) 962-3711 www.civilized.com	MLAB	L, M, U, W	N/A	Designed for mathematical and statistical modeling and model-testing.
<b>CONCEPTUAL SOFTWARE</b> (800) 328-2686 www.conceptual.com	DBMS/Copy	U, W	N/A	Data transfer program.
<b>DATAIOM</b> (213) 383-9973 www.dataiom.com	Xpro (5)  StatMost (3.5)	W  W	N/A  N/A	Xpro is the only software available specializing in exact parametric methods. StatMost is a complete collection of data analysis methods and scientific graphics. Specifically for experimental design solutions.
<b>DESIGN COMPUTING</b> +61 (954) 39327 designcomputing.hypermart.net/gendex/	Gendex DOE Toolkit	Any Java-2 environment	N/A	
<b>DYNAMIC MICROSYSTEMS INC.</b> (301) 384-2754 www.qbstat.com	GB-Stat	M, W	80,000	Guidance system for choice of analysis.
<b>ESB CONSULTANCY</b> +61 (8) 9093-2133 www.esbconsult.com	ESBStats (1.2.3)	W	N/A	
<b>GRAPHPAD SOFTWARE INC.</b> (858) 457-3909 www.graphpad.com	GraphPad InStat (3) GraphPad Prism (3)	M, W M, W	26,000 26,000	Instat includes assistance with choice of analysis and interpretation of results.
<b>INSIGHTFUL</b> (800) 569-0123 www.insightful.com	S-PLUS	L, S, U, W	N/A	Versatile, with programming capabilities.
<b>KOVACH COMPUTING SERVICES</b> +44 (1248) 450-414 www.kovcomp.com	MVSP (3.12)  Oriana (1.06)  Simstat (1.3)  XLStat (4.4)  Data Desk (6)	W  W  W  Excel Add-In (M, W)  M, W	Limited only by available memory/disk space  16,380 samples and 65,534 observations  1,022 variables and 310,000 cases (some analyses are unlimited)  Excel spreadsheet restrictions  Limited only by available memory/disk space (up to 2 billion cases or variables)	Provides a wide range of hierarchical cluster analysis methods as well as principal components, principal coordinates, and correspondence analysis. Orientation analysis program specially designed for analysis of circular data (i.e., data measured as angles or on other circular scales, such as time-of-day). An inexpensive, full-featured statistical package, including a wide range of nonparametric tests and bootstrap analysis. A number of add-ins are available, including one for content analysis of textual data. An add-in with a wide range of analyses, featuring many multivariate analyses and a generalized nonlinear fitting module. Combines traditional statistical texts with tools for exploratory data.
<b>MANUCISTICS INC.</b> (800) 592-0050 www.statgraphics.com sgsales@manu.com	STATGRAPHICS Plus (5)	W	4,000 x 999,999	All-purpose statistical program with over 250 statistical analyses and graphs. Available in five configurations: Student, Standard, Quality & Design, Professional, and Enterprise.
<b>MERIDIAN MARKETING GROUP</b> (520) 282-6300 www.meridian-marketing.com	BMDP (7)	W	N/A	
<b>MINITAB INC.</b> (800) 448-3555 www.minitab.com	MINITAB (13)	M, W (phasing out Mac)	N/A	Mid-range product, available in both French and English.
<b>MULTIVARIATE SOFTWARE INC.</b> (800) 301-4456 www.mvsoft.com	EQS (5)	M, O, S, U, W	N/A	Versatile software for multivariate analysis. Handles complex data structures.
<b>MUTHEN &amp; MUTHEN</b> (310) 391-9971 www.statmodel.com	Mplus (2)	W	N/A	General statistical modeling. Handles categorical, missing, mixture, and multilevel data. Reads ASCII, numeric, fixed, or free-format data.
<b>MODERN MICROCOMPUTERS</b> (360) 733-9010 members.aol.com/rcknodt/pubpage.htm	MODSTAT (13)	W	3,000	User-friendly. One of the least expensive packages available.
<b>NUMERICAL ALGORITHMS GROUP</b> (630) 971-2337 www.nag.com	Genstat (5)  Statistical & Mathematical Libraries  Statistical Add-Ins for Excel NAG Foundation Toolbox for MATLAB	U, W  L, O, S, U, W  Excel Add-In (W) L, S, U, W	2,000,000 (Input file limit set by separate DataLoad program) Input file limit set by application program and platform Excel spreadsheet restrictions Input file limit set by MATLAB and platform	
<b>POLY SOFTWARE INTERNATIONAL</b> (845) 735-9301 www.polysoftware.com	ProStat (2.5)	W	102,400,000	Many mathematical functions included.
<b>SAS INSTITUTE INC.</b> (919) 677-8000 www.sas.com	SAS/STAT (8.2)	L, M (older versions), O, S, U, W	N/A	Component of broader SAS system, including SAS/QC
<b>SPSS</b> (800) 543-2185 www.spss.com	SPSS Base (10) SigmaPlot 2001 SYSTAT (10)	M, S, U, W W W	N/A N/A N/A	High-end family of packages; SigmaPlot is the main graphics package. High-end family of packages; SigmaPlot is the main graphics package. High-end family of packages; SigmaPlot is the main graphics package.
<b>SIGMA RESEARCH ASSOCIATES</b> FAX: (858) 456-3962 www.sigma-research.com/bookshelf	Statistix for Windows	W	N/A	Good data management capabilities.
<b>STATA CORP.</b> (800) 782-8272 www.stata.com	Stata (7)	L, M, S, U, W	2,047 variables, observations are limited only by the amount of RAM	
<b>STATSOFT INC.</b> (918) 749-1119 www.statsoft.com	STATISTICA (6)	M, W	N/A	Quick STATISTICA available for Mac. STATISTICA Base, STATISTICA Advanced Linear/Nonlinear Models, and STATISTICA Exploratory Multivariate Techniques available for Windows.
<b>WOLFRAM RESEARCH</b> (800) 965-3726 www.wolfram.com	Mathematica (4.1)	L, M, S, U, W	N/A	Mathematica is a fully integrated technical computing system, combining interactive calculation (both numeric and symbolic), visualization tools, and a complete programming environment. Statistical functions are available via standard add-ins.

1. L=Linux, M=Mac, O=OpenVMS, S=Solaris, U=UNIX, W=Windows
